

Closed Box Staircase

- 1 Identify your staircase**
 -Closed, open, or combination
 -Identify your starting steps
- 2 Count and measure**
 -Count number of stair treads and risers
 -Measure the width of the stair treads and risers
- 3 Complete the Project Order Form**
 -easy way to detail your materials list

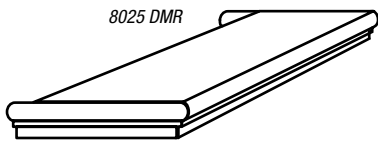

Staircase Starting Steps

Staircases can begin with open end treads, starting steps, or combinations of both. To determine whether a stair tread is left or right facing, stand at the bottom of the stairs and look up the staircase.

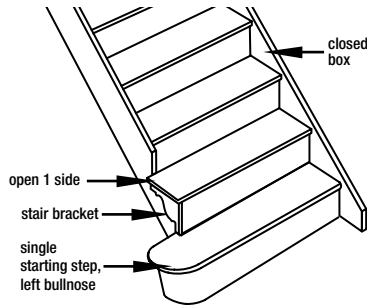

Open Side(s)

Any treads open on 1 side or open 2 sides

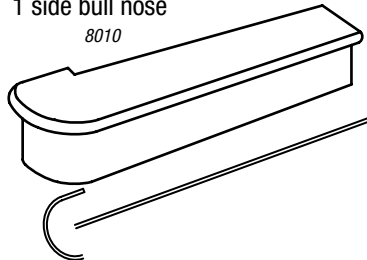

NuStair Double Miter Return Treads

- scotia molding on front and both sides
- use for all open stair applications
- trim one end off for open 1 side

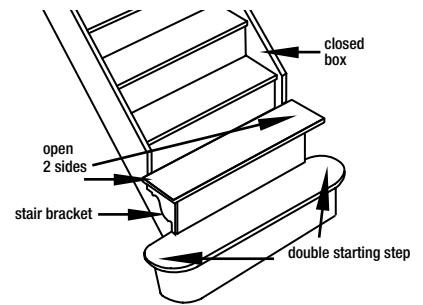

Single Starting Step

1 side bull nose

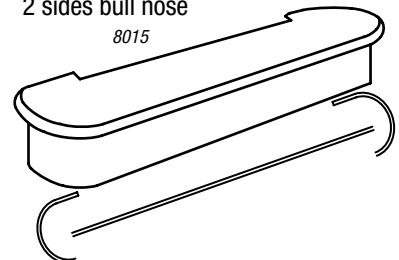

NuStair Single Bullnose Tread

- one side has round bullnose
- can be used with right or left bullnose
- comes with riser and universal molding trim kit

Double Starting Step

2 sides bull nose

NuStair Double Bullnose Tread

- both sides have round bullnose
- comes with riser and universal molding trim kit
